## Sacred Heart Canossian College (Southern District) Use of the Strengthening School Administration Management Grant

The School has read and understands the EDB's stipulations regarding the Strengthening School Administration Management (SAM) Grant, as specified in the Circular Memorandum numbered 21/2016. The following work plan concerning the use of the SAM Grant was drawn up after consultation with teachers and the IMC of the school.

## Objective

After reviewing the operation of the school, the measures below will be implemented to enhance the overall efficiency of managing the school and the library. In effect, we aim to create more space and time for teachers to boost student learning and for the support staff to provide a clean and caring environment on campus.
