9. Plan for the use of Diversity Learning Grant	37 – 40

# **I. Education Philosophy**

## **A. School Mission**

We aim at providing an all-round education of Christian values and formation of the heart to empower our youngsters to be women of integrity and versatility with global awareness.

## **B. Profile of SHCC Graduates**

Growing up in the Sacred Heart family, all SHCC graduates should have found a purpose in life and possess the following Sacred Heart spirit and qualities:

### **Versatility**

#### **Open to growth and changes**

- Being able to understand and accept her talents and limitations
- Being aware of and able to manage her emotions and pressure in face of changes and demands; being able to stay positive when meeting failures and difficulties
- Having a sense of wonder and thereby being ready to explore, seek new experiences and risk failure
- Being proactive, creative and resourceful; capable of suggesting ways to deal with new situations and challenges
- Being capable of reflecting on experiences
- Being receptive and respectful to the opinions of others

### **Integrity**

#### **Sound in moral and religious values**

- Forming her conscience on true moral values and having good reasons for her decisions
- Being courageous in upholding social justice and the principle of honesty
- Being responsible for her behaviour with an understanding of the impact of her words and actions on others
- Having some knowledge of and respect for religion and knowing the teaching of Jesus Christ
- Being able to reflect on her experience of God's love for her; realising the need for prayer and for growth in faith; having appreciation of the Eucharist and being familiar with the social teaching of the Church
- Being aware of and able to acknowledge the need for spiritual growth

## **Charity and Love**

### **Caring for others and embracing diversity**

- Being mindful of the needs, limitations and difficulties of others to better assist them
- Showing respect while relating to others
- Understanding the need for sacrifice in helping others
- Understanding cultural differences and embracing diversity; accepting and appreciating people of different backgrounds and abilities

## **Humility**

### **Simplicity and modesty in all deeds**

- Showing appreciation and being grateful for any opportunity, advice and support received
- Serving others with modesty
- Striving for excellence, achieving success, remaining humble
- Cultivating good leadership skills and own leadership style
- Putting herself into the positions of others before making judgments
- Being ready to admit ones' mistakes and willing to correct them

## **Perseverance**

### **Turning challenges into success**

- Having clear goals and working towards them with continued effort and determination
- Facing adversities with courage and patience to achieve success

## **Intellectual competence**

### **Quest for lifelong learning**

- Skilful in speaking, reading and writing precisely and fluently in both Chinese and English
- Being logical and critical in thinking; convincing in persuasion
- Being able to see the connection between disciplines and apply cross-curricular knowledge
- Making use of generic skills to continue lifelong learning and to apply knowledge to solve problems

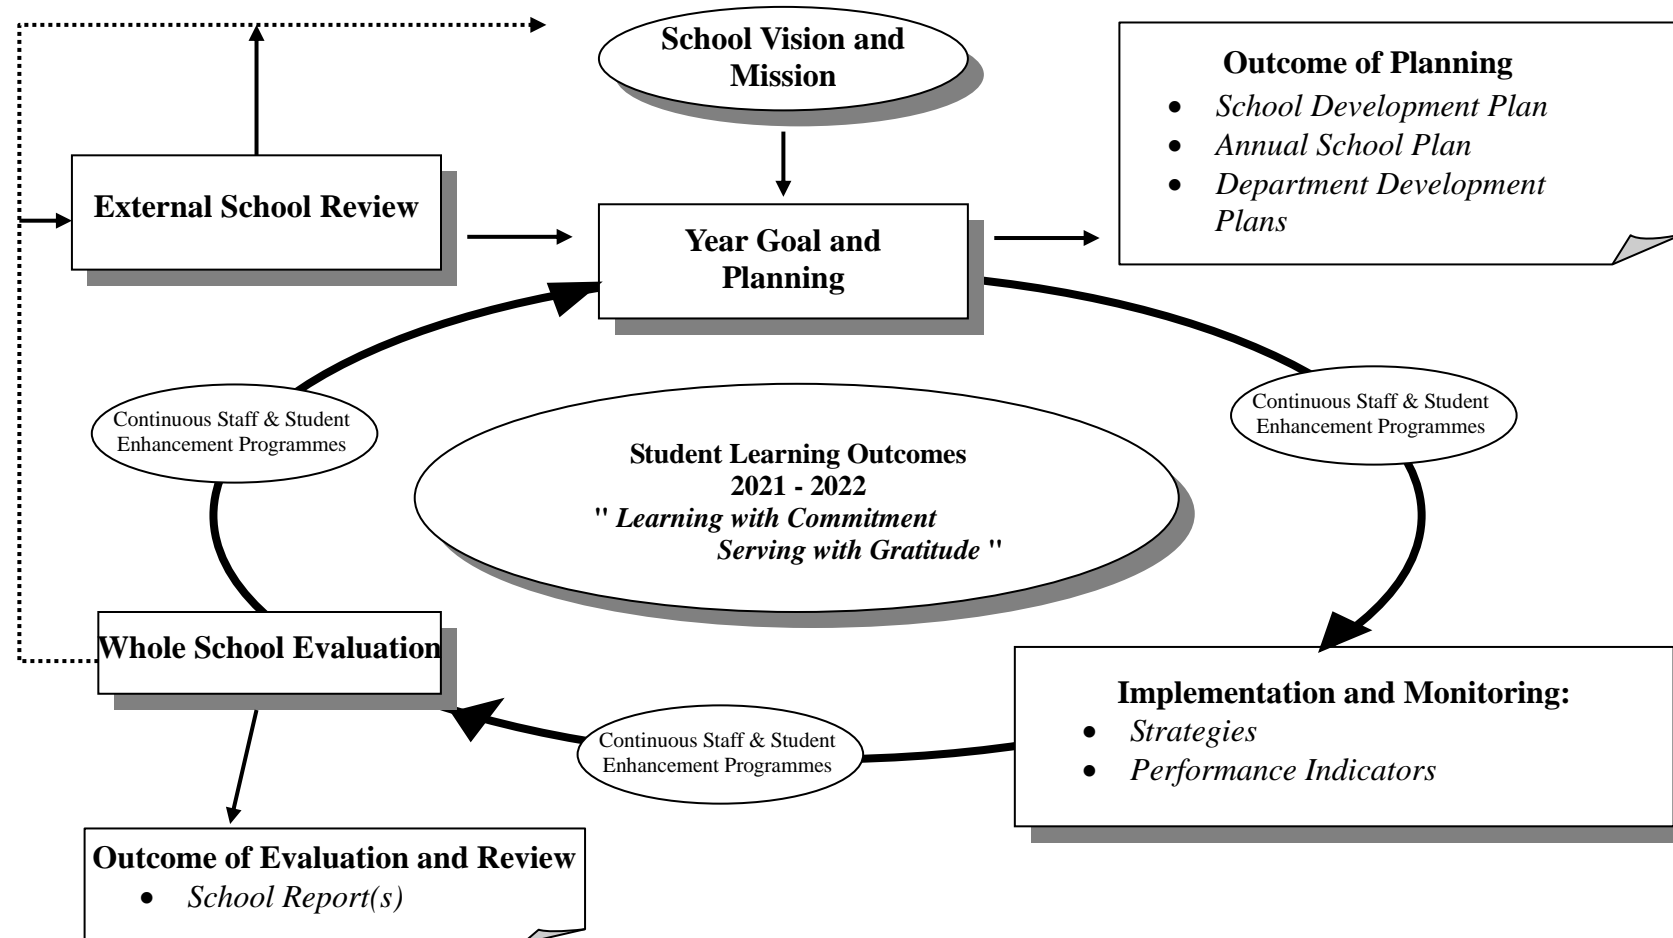

## **Global citizenship**

### **Understanding the world in which we live**

- Being eager to learn about the world
- Being concerned about wider community issues, social and global problems
- Being lawful citizens
- Being able to look beyond the city and to address global concerns
- Being able to respect the wise use of natural resources in a sustainable way
- Being ready to contribute to the community, society and the world

## II. School Self-Evaluation Model

Our school development plans on a three-year cycle, following the P-I-E model. To identify the strengths and weaknesses of the School, teachers and principals take part in the annual self-review, department and whole school evaluations, lesson observations as well as performance appraisals. Teachers' feedback to school principal and students' feedback to teachers are collected to give a more comprehensive view towards school leadership as well as learning and teaching. Parents' views on the performance of the School are also sought through surveys and parents' nights. Student voices are collected through surveys, student representatives in SDAC and various student forums.

### III. Our Present Situation and Our Future

Strengths	Opportunities
<p>1. Clear orientation of school development plan, effective school self-evaluation and established organisation structure help ensure a vivid and dynamic school development through the concerted effort of all staff. The new development cycle is built on the foundation laid in the previous one.</p>	<p>1. (a) Staff members understand the school goals. They will own the new initiatives better and have clear focus, thereby making concerted effort to achieve the common goals.</p> <p>(b) As the major concerns are closely connected to the previous 3-year development cycle, the foundations laid in there will facilitate the new development cycle in learning and teaching as well as student qualities. The exploration of eLearning made the implementation of BYOD feasible, thus providing the necessary setting for the new learning mode. At the same time, the Positive Education curriculum allows students to develop a positive outlook. The core values and profile of SHCC graduates identified in the previous development cycle have provided the basis for the integration of Positive Education into values education of the School.</p>

<b>Strengths</b>	<b>Opportunities</b>
<p>2. The School has a team of caring and dedicated staff members who are willing to devote their time and energy for the benefit of students. School-based professional development programmes designed in line with the school concerns provide teachers with the necessary skills and knowledge to support the development of the School. Peer lesson observation is common among colleagues.</p>	<p>2.</p> <ul style="list-style-type: none"> <li>(a) The experience in implementing DI strategies has provided insights into further exploration of curriculum planning, teaching strategies, assignment design and assessment tools to cater for increasing learner diversity effectively. Learning and teaching strategies leading to higher order thinking skills will be continued.</li> <li>(b) Seminars, workshops and trainings from tertiary institutes widen the exposure of teachers. Professional dialogues with other schools provide inspiration for teachers to refine their learning and teaching strategies. Teachers are ready to adopt new strategies to cope with the new learning mode.</li> <li>(c) Peer lesson observation can be further strengthened to become a platform to increase learning and teaching effectiveness.</li> <li>(d) Cross-departmental collaboration, building up the strength of individual departments, will provide even more appropriate activities to challenge our students.</li> </ul>

<b>Strengths</b>	<b>Opportunities</b>
<p>3. The School has a strong tradition of values formation and character development for students. Staff members are aware of the importance that the School places on value and character formation. Core values of the School are introduced to staff members on various occasions such as staff development days and staff meetings. These core values are shared by the student body as well.</p>	<p>3. (a) Staff members share the core values of the School and they are the role models of students, helping and encouraging them to appreciate and uphold the core values in their lives.</p> <p>(b) With the support of the IMC and the availability of financial resources, the School commits to implementing the Positive Education curriculum at other levels and make a constant review on values education.</p> <p>(c) The integration of values education and positive education can help students lay a strong foundation for making informed and wise decisions.</p> <p>(d) The integration of values education in different subjects/ activities enhances students' ability to uphold such values in real life.</p>
<p>4. A vertical approach to service learning has been established to provide a nurturing environment for students. The School has maintained a progressive and comprehensive service learning programme for each student to nurture their spirit of service and give them inspirations on ways to help the needy in society.</p>	<p>4. (a) Service learning enables students to have a better appreciation of their own selves and their teammates. At the same time, they can learn from those they serve. This helps them to be humble and more open-minded, growing into a global citizen.</p> <p>(b) Service learning provides a platform for students to reflect on the meaning of life and other life issues.</p>
<p>5. The School provides a wide range of activities for students. These activities cover different aspects of student development.</p>	<p>5. Deeper reflection on their experiences can foster the whole person development of students.</p>

Strengths	Opportunities
<p>6. Students are bestowed with different talents and gifts. Most students have the potential to achieve. An increasing number of students are ready to step out of their comfort zones and take part in different external activities and competitions.</p>	<p>6. (a) With appropriate opportunities provided and in-depth reflections on their experiences, students are able to progress further in their whole person development and perform better in studies and activities. The initiatives and sharing of Sacred Heartists on their learning experiences will encourage their schoolmates to be more pro-active in their learning, especially their learning beyond the classroom.</p> <p>(b) The Activities Week provides students with in-depth learning experience on physical education, aesthetic education, career-related experiences, community service as well as spiritual, moral and civic education.</p> <p>(c) Wider exposure to different activities will help students build up their self-image.</p> <p>(d) The outstanding achievements of students have a positive impact on the school community. Students will be more confident to take part in international competitions.</p>
<p>7. The School recognises the importance of developing a sense of national identity among all staff members and students. All staff members are aware of the need to provide opportunities for enriching the knowledge of National Security Law.</p>	<p>7. (a) Students are provided with opportunities to appreciate Chinese culture.</p> <p>(b) Talks/ seminars on National Security can be arranged for students.</p> <p>(c) Extended learning trips can be arranged for students to have a better understanding of the development of China.</p>

<b>Strengths</b>	<b>Opportunities</b>
<p>8. Sacred Heart has established connections with schools and institutions, both local and overseas.</p>	<p>8. (a) Such connections could provide more opportunities for students to enrich their extended learning experiences, increase their community involvement and widen their exposures. They are given various opportunities to enrol in local and overseas enhancement programmes. Through these extended learning experiences, students can further develop their ability to think from different perspectives.</p> <p>(b) Presentations/ sharing on extended learning experiences challenge students' mode of learning and give them impetus for future learning opportunities.</p> <p>(c) Collaborations with the EDB and tertiary institutes provide support to the staff to enhance learning and teaching and review the existing curricula. The experiences in these areas can be shared among teachers of different KLAs/ departments. They also facilitate the development of student qualities and in other aspects.</p>

<b>Strengths</b>	<b>Opportunities</b>
<p>8. Both the PTA and AA give sincere and active support the School. They make significant contributions to various school projects such as the History Project, as well as sponsorship for extended learning programmes and various academic awards.</p>	<p>9. (a) The PTA gives generous financial support for S5 Extended Learning Week programmes and full sponsorship for academic awards to encourage students to soar high in academic achievements.</p> <p>(b) The AA provides scholarships for academic courses and financial support for extended learning programmes and cultural trips.</p> <p>(c) Our alummae and parents are always ready to share their experiences with our students in various school programmes such as Careers Expo.</p> <p>(d) They can give valuable and feasible advice to the School in different careers according to their expertise.</p>
<p>9. Fundings from the EDB have provided the School with more financial resources such as Life-wide Learning Grant to organise different learning experiences for students.</p>	<p>9. (a) The additional financial resources will enable the School to be better equipped to enhance learning and teaching.</p> <p>(b) More programmes/ activities on consolidating students' foundation in various subjects can be arranged for both junior and senior forms.</p> <p>(c) More programmes/ activities can be arranged to boost students' whole person development.</p>

<b>Weaknesses/Threats</b>	<b>Opportunities</b>
<p>1. Some students are not enthusiastic about their personal development. They are not ready to set goals for their personal development. Some are content with above average performance and not ready to stretch their potential to become outstanding.</p>	<p>1. (a) Through a wide range of activities, it is hoped that students' interest in learning will be stimulated, that they can identify their areas of interest and will engage in the pursuit of excellence and develop their learner autonomy. At the same time, a whole school approach in values education and positive education promotes a caring school culture that enables students to appreciate individuality and enhance their respect for oneself and others. They are encouraged to try and explore, to become autonomous learners with confidence and self-discipline.</p> <p>(b) The promotion of life planning helps encourage students to think about their lives more seriously and have a better planning for their future, so that they can identify their goals and devise strategies to achieve them.</p> <p>(c) Teachers can explore further in engaging students in their learning.</p> <p>(d) Helping students cultivate good learning habits will enable them to advance further in their learning. The Learning and Teaching Advancement Team will help students examine their learning motivation.</p> <p>(e) With additional financial resources from the EDB, level-based workshops or learning experiences can be arranged to address the needs of students.</p>

Weaknesses/Threats	Opportunities
<p>2. Some students have low self-image. They are weak in certain aspects of self-discipline such as time management, which may lead to negative impacts on their studies and health.</p>	<p>2. The integration of positive education into values education helps nurture happiness, health and good morals into students so that they will be able to face different challenges and enjoy a meaningful life. Programmes will be organised to help them cope with problems, challenges and anxiety when facing difficulties. Such programmes also help cultivate self-management skills and self-discipline in students.</p>
<p>3. Increasing learner diversity is found among students. The foundation of some students needs to be further strengthened.</p>	<p>3. (a) Teachers are encouraged to share their own learning and teaching strategies and apply DI in their daily teaching. Teachers of the same department work collaboratively to identify the weaknesses of students and make appropriate adjustments in the curriculum/ schedule of teaching/ assignments.</p> <p>(b) Student diversity motivates teachers to explore new ways of teaching.</p> <p>(c) The use of eLearning tools allows students to learn at their own pace inside and outside the classroom.</p> <p>(d) Different types of support such as enhancement courses and pull out programmes are offered to students of different abilities. Extra resources have been allocated for strengthening the foundation of students in the three core subjects. It is hoped that a good foundation laid at the junior levels could facilitate students' learning at the senior levels.</p>
<p>4. Hectic schedules prevent students and teachers from enjoying a healthy and balanced school life.</p>	<p>4. (a) Specially designed school calendar may help to provide room for student activities.</p>

<b>Weaknesses/Threats</b>	<b>Opportunities</b>
<p>5. There is not enough space for various activities to be held on school campus.</p>	<p>5.</p> <ul style="list-style-type: none"> <li>(a) The room booking system can be enhanced.</li> <li>(b) Conversion of special rooms into multi-purpose rooms may provide more venues for different kinds of activities.</li> <li>(c) More collaboration between departments and teams can be fostered.</li> </ul>
<p>6. The COVID-19 pandemic has affected normal lessons and limited face-to-face extra-curricular activities. Due to the development of pandemic, a mixed mode of learning has replaced the traditional face-to-face lesson.</p>	<p>6.</p> <ul style="list-style-type: none"> <li>(a) Our teachers have made great leaps in their teaching skills and teaching pedagogy used in eLearning. They have integrated various eLearning apps and tools into their face-to-face lessons for effective teaching and learning.</li> <li>(b) eLearning tools such as Google Classroom, Google Meet and Zoom have to be used for learning and teaching and teachers are more ready to adopt eLearning in their teaching.</li> <li>(c) Specific eLearning apps have been suggested by all academic departments and training workshops on these apps will be conducted by the Pedagogical Exploration and Enhancement Team.</li> <li>(d) All these made the BYOD policy feasible.</li> <li>(e) The new learning mode leads to flexible and creative arrangement of extra-curricular/ co-curricular activities.</li> </ul>

## IV. School Development Plan 2021-2024

### Moving From 2018/19 – 2020/21 to 2021/22 – 2023/24

2018/19	2020/21	2021/22	2023/24
<b>Learning &amp; Teaching</b> <ul style="list-style-type: none"> <li>- Deep learning               <ul style="list-style-type: none"> <li>- Engagement in the learning process                   <ul style="list-style-type: none"> <li>- higher order thinking skills (all departments)</li> <li>- special programmes on creativity – gifted education</li> <li>- problem solving – STEM, PBL (RAC, LAC)</li> </ul> </li> <li>- Reflection</li> <li>- IT in education</li> <li>- Reading – RAC</li> <li>- DI</li> </ul> </li> <li>- Curriculum Mapping               <ul style="list-style-type: none"> <li>- On-going renewal of the school curriculum 2017</li> </ul> </li> </ul>		<b>Learning &amp; Teaching</b> <ul style="list-style-type: none"> <li>- Deep learning               <ul style="list-style-type: none"> <li>- Thinking Skills: Systems Thinking (S1), Design Thinking (S2)</li> <li>- Engagement in the learning process</li> <li>- eLearning/ BYOD</li> <li>- problem solving – STEM, PBL</li> <li>- Reading – RAC</li> <li>- Reflection</li> </ul> </li> <li>- Learner Diversity – DI</li> <li>- New Initiatives               <ul style="list-style-type: none"> <li>- changes in senior secondary school curriculum</li> <li>- new learning mode</li> </ul> </li> <li>- Lesson observation</li> </ul>

Nurturing a sense of love, gratitude and appreciation on the basis of love and humility towards oneself and people around (self, family, school, society and the world)</li> <li>4. Cultivating a deeper understanding on Chinese culture</li> <li>5. Consolidating Service Learning, focusing on the spirit of service</li> <li>6. Enhancing the atmosphere of positivity on school campus</li> <li>7. Optimising the current curriculum with reference to the framework and students' awareness on healthy use of IT</li> </ol>	<ol style="list-style-type: none"> <li>1. Reviewing the curriculum of different subjects and ECA with reference to the core values (Charity, Humility, Family, Life, Justice, Truth) of the School</li> <li>2. Assuming one's responsibility in learning, family, one's life, society and the world</li> <li>3. Nurturing a sense of love, gratitude and appreciation on the basis of love and humility towards oneself and people around (self, family, school, society and the world)</li> <li>4. Cultivating a deeper understanding on Chinese culture and development of China</li> <li>5. Being ready to share one's life, talents and time with people around, especially those in need</li> <li>6. Enhancing the atmosphere of positivity on school campus</li> <li>7. Evaluating and fine-tuning the information literacy framework</li> </ol>

## 2. Development plan on careers and life planning (2021-2024)

Our school aims to develop life planning skills of students, including self-understanding, goal setting, problem solving, reflective thinking and personal planning. Such skills are introduced and taught through home periods, talks, workshops, career-related experience and individual guidance. Apart from equipping students to make informed choices for their future studies and to pave their way for career aspirations, we also aim to assist students to develop a positive attitude towards work and learning so that they can fully utilise their strengths for a fulfilling life.

	2021-2022	2022-2023	2023-2024
<b>Career Guidance and Life Planning Education</b>	Junior Secondary 1. Enhancing students' sensitivity to self-understanding, appreciation of one's talents and acceptance of one's limitations  2. Encouraging students to realise potential and character strengths for a fulfilling life  3. Introducing programmes and materials used for gauging students' interests, abilities and career inclinations  4. Equipping students to make informed choices and build paths for achieving goals and dreams in life	Junior Secondary 1. Providing guidance for students to review their sensitivity to self-understanding, appreciation of one's talents and acceptance of one's limitations  2. Providing guidance for students to review their understanding of utilising character strengths for a fulfilling life  3. Reviewing programmes and materials used for gauging students' interests, abilities and career inclinations  4. Reviewing strategies and tools used to equip students to make informed choices and build paths for achieving goals and dreams in life	Junior Secondary 1. Optimising guidance for students to review their sensitivity to self-understanding, appreciation of one's talents and acceptance of one's limitations  2. Optimising guidance for students to review understanding of utilising character strengths for a fulfilling life  3. Optimising programmes and revising materials used for gauging students' interests, abilities and career inclinations  4. Optimising strategies and tools used to equip students to make informed choices and build paths for achieving goals and dreams in life

## 7. Development plan on entrepreneurship (2021-2024)

	2021-2022	2022-2023	2023-2024
<b>Establishing a school-based framework on entrepreneurship education</b>	<p><b><u>Reviewing the existing components in entrepreneurship education</u></b></p> <ol style="list-style-type: none"> <li>1. Reviewing components of entrepreneurship education in formal curriculum</li> <li>2. Evaluating internal entrepreneurship programmes</li> <li>3. Compiling and classifying a list of external entrepreneurship programmes participated in the past years</li> </ol> <p><b><u>Devising a school-based entrepreneurship education framework</u></b></p> <ol style="list-style-type: none"> <li>1. Determining the objectives, key domains and structure of the school-based entrepreneurship education framework</li> </ol>	<p><b><u>Implementing the school-based entrepreneurship education framework</u></b></p> <ol style="list-style-type: none"> <li>1. Launching and publicising the school-based entrepreneurship education framework</li> <li>2. Integrating entrepreneurship education into the formal curriculum/ school-based programmes</li> <li>3. Introducing new initiatives and implementing fine-tuned school-based programmes</li> <li>4. Encouraging students to participate in selected external activities and providing necessary mentoring</li> <li>5. Cultivating positive attitudes and strengthening values education, with the emphasis on empathy, curiosity, innovativeness, pro-activeness and perseverance, through various entrepreneurship programmes</li> </ol>	<p><b><u>Evaluating the school-based entrepreneurship education framework</u></b></p> <ol style="list-style-type: none"> <li>1. Evaluating and optimising the overall structure of the school-based framework</li> <li>2. Reviewing the implementation of entrepreneurship education in formal curriculum/ school-based programmes</li> <li>3. Examining and evaluating students' participation and performances in various internal and external activities</li> <li>4. Evaluating and fine-tuning school-based programmes</li> <li>5. Reviewing the suitability and quality of external programmes and determining the activities to be recommended to students in the next development cycle</li> </ol>

	2021-2022	2022-2023	2023-2024
	<ul style="list-style-type: none"> <li>2. Planning for systematic integration of entrepreneurship education into the formal curriculum</li> <li>3. Designing new initiatives and fine-tuning existing school-based programmes based on the new framework</li> <li>4. Exploring and selecting suitable external activities to be incorporated into the framework</li> <li>5. Integrating values education into the framework, with the emphasis on empathy, curiosity, innovativeness, pro-activeness and perseverance</li> </ul>		<ul style="list-style-type: none"> <li>6. Reviewing the strategies in cultivating positive attitudes and values, with the emphasis on empathy, curiosity, innovativeness, pro-activeness and perseverance</li> </ul>

	2021-2022	2022-2023	2023-2024
<b>Capacity building</b>	<ol style="list-style-type: none"> <li>1. Identifying professional development needs for teachers and participating in relevant professional development programmes</li> <li>2. Reviewing the expertise of existing human resources to enable a greater scope of specialisation</li> <li>3. Developing resources to facilitate self-directed learning of students</li> <li>4. Exploring and identifying potential internal and external partnerships</li> </ol>	<ol style="list-style-type: none"> <li>1. Participating in professional development programmes for capacity building</li> <li>2. Practising a greater scope of specialisation in professional development and mentoring for student activities</li> <li>3. Updating the pool of resources for self-directed learning</li> <li>4. Implementing programmes with partner organisations</li> </ol>	<ol style="list-style-type: none"> <li>1. Evaluating the progress on professional development and identifying school-based development needs for the next development cycle</li> <li>2. Reviewing the effectiveness of specialisation in professional development and mentoring</li> <li>3. Updating and expanding the pool of resources for self-directed learning</li> <li>4. Evaluating collaborative programmes and examining the possibility of developing long-term partnerships</li> </ol>

## 8. Staff Development Plan (2021-2024)

	2021-2022	2022-2023	2023-2024
<b>Learning and Teaching: Empowering our students to be committed self-directed learners</b>	<ol style="list-style-type: none"> <li>1. Capacity building through professional development for teachers to become facilitators of learning</li> <li>2. Exploring different teaching strategies, including the use of eLearning tools, to cultivate self-directed learning in students and to foster deeper learning outcomes</li> <li>3. Promoting effective peer lesson observation and more sharing on good practices among teachers</li> </ol>	<ol style="list-style-type: none"> <li>1. Continuous capacity building through professional development for teachers to become facilitators of learning</li> <li>2. (a) Encouraging teachers to explore and try out subject-based application of teaching strategies, including the use of eLearning tools, to cultivate self-directed learning in students, and to foster deeper learning outcomes.  (b) Encouraging sharing within departments</li> <li>3. Promoting effective peer lesson observations and more sharing on good practices among teachers</li> </ol>	<ol style="list-style-type: none"> <li>1. Further empowering teachers to become facilitators of learning</li> <li>2. Encouraging teachers to apply appropriate strategies, including the use of eLearning tools, to cultivate self-directed learning in students to foster deeper learning outcomes</li> <li>3. Quality peer lesson observation and more professional dialogues, sharing on good practices among teachers across KLAs and departments</li> </ol>

	2021-2022	2022-2023	2023-2024
<b>Introducing Student Qualities Development:</b> <b>Grooming our students to be grateful, value-driven young people, ready to serve and share with others</b>	<ol style="list-style-type: none"> <li>1. Capacity building through professional development for teachers on school core values and positive education</li> <li>2. Sharing sessions from School Social Workers and School-based Speech Therapist in identifying students who may need assistance</li> <li>3. Sharing sessions from School Education Psychologist and School-based Speech Therapist in understanding and helping SEN students</li> </ol>	<ol style="list-style-type: none"> <li>1. Continuous capacity building through staff development programmes on positive education and values education</li> <li>2. Sharing of good practices among colleagues on positive education</li> <li>3. Sharing sessions from School Social Workers in identifying students who may need assistance</li> <li>4. Sharing sessions from School Education Psychologist in understanding and helping SEN students</li> </ol>	<ol style="list-style-type: none"> <li>1. Further empowering teachers to support students in forming a positive outlook on life through staff development programmes on positive education and values education</li> <li>2. Sharing of good practices among teachers on positive education</li> <li>3. Sharing sessions from School Social Workers in identifying students who may need assistance</li> <li>4. Sharing sessions from School Education Psychologist in understanding and helping SEN students</li> </ol>

	2021-2022	2022-2023	2023-2024
<b>Administration: Providing an energising environment for learning and teaching to take place</b>	<ol style="list-style-type: none"> <li>1. Staff wellness programmes to encourage staff in strengthening physical and mental health</li> <li>2. Professional development sessions on National Security Education to equip teachers with a general and correct understanding of the Hong Kong National Security Law</li> <li>3. Staff taking up new responsibilities to attend relevant courses organised by EDB and tertiary institutes</li> <li>4. Sharing session from School-based Speech Therapist on voice projection</li> </ol>	<ol style="list-style-type: none"> <li>1. Staff wellness programmes to encourage staff in strengthening physical and mental health</li> <li>2. Professional development sessions on National Security Education to equip teachers with a deeper understanding of the Hong Kong National Security Law</li> <li>3. Staff wellness programmes to encourage staff in strengthening physical and mental health</li> <li>2. Professional development sessions on National Security Education to equip teachers with a deeper understanding of the Hong Kong National Security Law</li> <li>3. Staff taking up new responsibilities to attend relevant courses organised by EDB and tertiary institutes</li> </ol>

## 9. Plan for the use of Diversity Learning Grant (2021-2024)

The following programmes are adopted with the support of EDB's Diversity Learning Grant (DLG):

DLG funded Programme(s)	Strategies & benefits anticipated (e.g. in what way students' diverse learning needs are catered for)	Name of programme(s)/ course(s) and provider(s)	Duration of the programme / course	Target students	Estimated no. of students involved in each school year			Evaluation of student learning / success indicators	Teacher-in-charge
					21/22	22/23	23/24		
English Language Pull-out Programme	Organising an English Language Pull-out Programme which empowers students to improve their communication and presentation skills	English Speaking Enhancement Programme	1 month	S4 – S5	15	15	15	80% of students are able to speak confidently and their presentation skills are enhanced	AoL & Gifted Education Team
English Language Pull-out Programme	Organising an English Language pull-out programme which aims to help students develop their ability to generate ideas and practise writing expository essays, persuasive speeches, and personal statements	Gifted English Academic Writing Programme	2 months	S4 – S5	10	10	10	80% of students are able to write quality expository essays, persuasive speeches, and personal statements	AoL & Gifted Education Team

DLG funded Programme(s)	Strategies & benefits anticipated (e.g. in what way students' diverse learning needs are catered for)	Name of programme(s)/ course(s) and provider(s)	Duration of the programme / course	Target students	Estimated no. of students involved in each school year			Evaluation of student learning / success indicators	Teacher-in-charge
					21/22	22/23	23/24		
Chinese Language Pull-out Programme	Organising a Chinese Language pull-out programme "Chinese Writing Workshop" which enables students to develop their ability to generate ideas, think flexibly, write with richer vocabulary and further enhance their writing skills	Chinese Writing Course	1 month	S5 – S6	30	30	30	80% of the participant reflect that this programme enhances their writing skills	AoL & Gifted Education Team
Science Pull-out Programme	Organising Physics Pull-out Programme which enables students to apply the knowledge of Physics and problem solving techniques to everyday situations	Physics Enrichment Programme	1 day	S4 – S5	20	20	20	80% of the participants are able to demonstrate an understanding about effects of friction in movement, potential & kinetic energy, pneumatics, etc.	AoL & Gifted Education Team
STEM Pull-out Programme	Organising a STEM pull-out programme which increases students' interest and appreciation of STEM and offers a challenging curriculum for gifted students	School-Based STEM Project (Aviation Pull-out Programme)	1 month	S4 – S5	20	20	20	80% of students reflect that the programme enhances their learning in STEM and increases their curiosity in STEM	AoL & Gifted Education Team

DLG funded Programme(s)	Strategies & benefits anticipated (e.g. in what way students' diverse learning needs are catered for)	Name of programme(s)/ course(s) and provider(s)	Duration of the programme / course	Target students	Estimated no. of students involved in each school year			Evaluation of student learning / success indicators	Teacher-in-charge
					21/22	22/23	23/24		
Higher Order Thinking Skills Programme	Organising a Design Thinking Workshop which provides a chance for students to enhance their creativity and critical thinking skills	Maker Workshop	3 months	S4 – S5	20	20	20	80% of the participants reflect that this programme enhances their creativity and critical thinking skills	AoL & Gifted Education Team
Leadership Training Program	Organising Leadership Training Camp which cultivates and explores students' leadership potential and interests through making them step out of their comfort zones	Leadership Training Camp	1-2 days	S4 – S5	30	30	30	80% of students reflect that the programmes enhance their leadership skills	AoL & Gifted Education Team
Global Awareness Pull-Out Programme	Organising the Global Awareness Programme which provides an opportunity for students to explore and appreciate the characteristics of different cultures in the world and discuss different global issues with international trainers	Global Enrichment Programme	1 day	S4 – S6	30	30	30	80% of students are able to appreciate the positive characteristics of different cultures	AoL & Gifted Education Team

DLG funded Programme(s)	Strategies & benefits anticipated (e.g. in what way students' diverse learning needs are catered for)	Name of programme(s)/ course(s) and provider(s)	Duration of the programme / course	Target students	Estimated no. of students involved in each school year			Evaluation of student learning / success indicators	Teacher-in-charge
					21/22	22/23	23/24		
Overseas learning/ exchange programmes/ local gifted programmes in different areas of talents	Subsidising the course fees for overseas or local learning/ exchange programmes for exceptionally gifted students	Programmes such as Global Young Leaders Conference/ Cambridge/ Oxford Summer School/ Gifted summer programmes at local universities	10 – 14 days	S4 – S6	5	5	5	80% of students reflect that the programmes enhance their learning	AoL & Gifted Education Team

**Sacred Heart Canossian College**  
**School Development Plan 2021-2024 (2021-22)**

Endorsed by the Incorporated Management Committee on 29 October 2021

Sr Agnes Law FdCC  
Chairman / School Supervisor
